2. New Subject. During the visit of [REDACTED] of the Communications Branch about two months ago, a commitment was made by [REDACTED] official to review the [REDACTED] Communications map contained in the Collection Guide. We wish to advise [REDACTED] that we have not overlooked his request. However, [REDACTED] has placed some high priority operational requirements on the same official, and it was not considered desirable that he be diverted from that task. We will follow through on this at an appropriate time.
